### Rome Scuderie del Quirinale Rome ☐

**27 September☐ 2012 - 20 January 2013**

At long last, Rome is to host a major retrospective of the work of Johannes Vermeer, the greatest Dutch painter of the 17th century, whose art is not represented in any Italian collection nor has it ever been the object of a structured, in-depth study in this country. The Scuderie del Quirinale exhibition will include a meticulous selection of works by Vermeer – extremely rare, and held in museums throughout the world – and some fifty works by his Dutch contemporaries.
